VOL. XXXIV

STANFORD, KY., FRIDAY, AUGUST 10, 1906.

NO. 42.

HON. HARVEY HELM.

Lincoln county's candidate for Congress. He was at home yesterday from a trip through Shelby, Spencer and Anderson counties, feeling good over his prospects of winning the nomination in the primary of Sept. 1.

HUSTONVILLE.

The strikes and delay in getting material will cause the new bank here to not be able to begin business before Sept. 1st.

Remember the great lecture at Alcorn's Opera House Friday night, Aug. 24th by one of Kentucky's favorite sons, whose entertaining ability stands second to none.

Dr. E. Alcorn is in Cincinnati this week on business. Mr. and Mrs. T. J. Robinson have been in Louisville for the past week. Thomas Pencock is clerking for Bishop & Lipp during the absence of Rowland Bishop, who has gone West prospecting.

The unfortunate maiming for life of our well-known live stock dealer, D. C. Allen, has aroused the deepest sympathy of the entire community for him. Late reports of his condition indicate that he will be under the care of Dr. Cheatham for some time.

L. Marshall Powell and wife, of Missouri, and Carroll Carpenter and wife, of Derby, Kas., all natives of the West End, who took advantage of the homecoming rates, stayed the limit on their tickets and reluctantly bade farewell to their friends and relatives Wednesday and returned home.

CHURCH MATTERS.

Eld. Jos. Ballou will preach at Mt. Xenia next Sunday at 3:30 p. m.

Rev. John Lewis, who attended Bethany College the past year, will preach at the Christian church next Sunday morning.

Rev. G. Gordon writes that the Sunday evening services which were discontinued during the winter months, will be resumed at the Turnersville church at 7:30 Sunday.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin, of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but, thanks to Chamberlain's Stomach and Liver Tablets, am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. Samples free. For sale by Stanford Drug Co.

Gov. Luke L. Blackburn, whose reputation as a physician and philanthropist is too well known to need further comment, once said "Concentrated Crab Orchard Water is the best agent known to the medical profession and will cure more diseases than any one remedy I have ever used." Get a bottle of White's Diamond Brand Crab Orchard Water. For sale by all druggists and country stores.

A woman in Shelbyville, Ind., dropped a piece of gravel from her head which had entered her ear seven years ago.

Nora A., little daughter of Mrs. Tom Palmer, of Hopkinsville, found a bottle of arsenic and ate it, dying almost instantly. Mrs. Palmer is a sister of Mrs. Joe McCormack, of this place, who was visiting at the Palmer home at the time of the accident. The child found the poison in Mrs. McCormack's pocket book.

Thomas T. Crittenden, of Kansas City, who was elected Governor of Missouri in 1880, and who is the oldest living former Governor of that State, will be one of the Missouri delegates who will go to New York City to welcome Mr. Bryan. In a letter to the reception committee he wrote: "I am out of politics, rendered more so by age than by inclination, yet I want to be in again to see Mr. Bryan nominated for and elected President. I was not in full accord with his views on silver, but I believed then as I believe now that he would make the best President ever in the chair."

In Self Defense

Major Hamm, editor and manager of the Constitutionalist, Eminence, Ky., when he was fiercely attacked, four years ago, by Piles, brought a box of Bucklen's Arnica Salve, of which he says: "It cured me in 10 days and no trouble since." Quickest healer of Burns, Sores, Cuts and Wounds. 25c at Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

"I hear your son has been winning high honors at college?"

"He has, indeed. He has been a quarterback, a halfback, a fullback and now—"

"Yes, what is he now?" said the speaker eagerly.

"Now," replied the other "he's a hunchback."

A Lancaster special says that William Davis, a prominent man, who resided eight miles from there on the Kirksville pike, was drowned.

Lafe Rowe was found dead two and one-half miles from Lebanon, by the side of the railroad. It is supposed he was asleep on the track when the train struck him.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. HON. JESSE M. ALVERSON, of this office, is considering the advisability of making the race for Railroad Commissioner in this district and will very probably yield to the solicitations of his friends and offer for the place. He is well equipped to fill the office with credit alike to himself and the Democratic party. He has served two terms as Representative from Lincoln and each time was a conspicuous member in the House. Should he decide to run he will enter the race with a good following.

A CHICAGO bank, which was the depository for poor people, has just failed for a million dollars. A little singularly, this was the amount that disappeared along with the president and cashier at the same time. Mob law is wrong at all times, but justice could turn her head and let the worst happen to these scoundrels. The worst for them would be the best for others.

WILLIAM DUGGINS, of Louisville, who has been married six months, attempted suicide Monday night because his wife chided him when he was late in getting home from a day's outing. By the time Duggins has been married six years he will not mind these things, and by the time he has been married 16 years he will not even hear them when uttered.

MORGAN'S men are preparing to hold a reunion at Park's Hill and talk over again the stirring scenes of a war that was fought between brothers so many years ago. In a few years there will be no more Morgan's men, but the memory of their daring leader and his equally daring men will last long after all have made their final surrender.

THE Frankfort Journal asks these pertinent questions, which we hope Mr. Hays will answer: "If Hays should win, of which there is not the slightest probability, on what platform would he run? How could he face his Republican opponent? What excuse could he give to the voters to vote for him as against a Republican?"

WILLIAM FENNER, of Hartford, Conn., was ridiculing his wife Monday, because she covered her face and hid her eyes from a vivid electrical display during a storm, and was struck and killed by a bolt of lightning. The moral of this is, that you must only ridicule your wife in fair weather—if at all.

It is not pleasant to be a Philadelphia ice man. Indictments have been returned against 15 ice dealers in the Quaker City for conspiracy.

POLITICAL.

Auditor Hager, candidate for governor, spoke to a large crowd at New Castle Monday.

Representative Bowers, of Mississippi, predicts the election of a Democratic House to the 60th Congress.

The Murray Ledger says that John K. Hendricks, of Paducah, will announce for attorney general next week. Hereafter the Kentucky press will only make big men out of little candidates at so much per.—Frankfort Journal.

Senator James B. McCreary has accepted the appointment as a member of the William Jennings Bryan Reception Committee.

Ben Lee Hardin, of Harrodsburg, spoke at Richmond Monday in the interest of John W. Hughes' candidacy for Congress.

Iowa democrats in convention at Waterloo, nominated a full ticket headed by Claude R. Porter for governor, and endorsed W. J. Bryan for president in 1908.

Friends of Judge S. W. Hager say that he will soon challenge Hon. N. B. Hays to a series of joint debates during their canvass for the Democratic nomination for governor.

"Ask Hager or any of the machine if he or the machine did not have a bill introduced at the last session of the Legislature which, if it had become a law, would have placed the entire legal business of the State under the control of the auditor and governor," says Hays in his Bedford speech. No such bill was introduced, and Hays knew it when he said so, but it may be said that if such a bill had become a law, it would have resulted in the State's legal business being in charge of a lawyer, which, unfortunately, is not the case now.—Frankfort Journal.

The Tri-County Teachers' Institute.

The teachers of Garrard, Boyle and Lincoln counties convened at 8:30 Tuesday morning and proceeded to regular business.

The program for the day was viz: Mrs. Alcott, of Central Normal College, Danville, Ind., took the first period in giving the teachers an object lesson in phonics and beginning reading. Her tact and power to hold the attention of the little folks for such long periods of time was very striking as well as an unquestioned proof of its possibility.

Mrs. Alcott was followed by Dr. Roark, of Lexington, on the "Operation of the Mind." The first division of his subject was: "Acquisition." The points emphasized in this division of his subject, drove home a very practical lesson to the teacher, since he showed that the teachers were responsible for the material the children acquire in school. Said he: "The child presents a striking resemblance to a young bird that just shuts its eyes, opens its mouth and takes whatever is dropped in and proceeds to squirm it down regardless of its indigestible qualities. No child can stop at acquisition, but the digestion and assimilation must follow. Hence the responsibility of teachers for giving indigestible material."

Dr. Roark was followed by a short talk from Mr. Rawlings, urging the attendance and punctuality of the teachers to each session of the institute.

TUESDAY AFTERNOON.

Mrs. Alcott gave an extended talk on spelling, first taking up the old method and emphasizing the time required to make a good speller. Said she: "Is all this time worth while; words are mere means of conveying ideas. Why not simplify them, make the road easier for children; let letters phonetically mean something and the English language become the world language. This address was closed by urging the teachers to write the spelling board established by Mr. Carnegie, and get the circulars on shortened spelling."

INTERMISSION.

Solo by Miss Kate Moore. Dr. Roark talked on "Consciousness or Additions of Psychology." He brought out very strikingly the working of a double personality.

WEDNESDAY MORNING.

Song. Devotional exercises conducted by Rev. R. B. Mahony.

Mrs. Alcott gave a lesson on primary reading, showing how recitations may be varied and a class may compose their own reading lesson and read it with expression.

INTERMISSION.

Solo by Mrs. E. M. Ison. Dr. Roark, after commenting on the merits of Mrs. Alcott's previous talk, took up the subject of arithmetic and pointed out some of the impracticable things taught and the necessity of a more brief and practical text to be used in common schools.

By a number of illustrations he compared the cultural value of the various subjects taught in the public school, putting arithmetic at the bottom of the list. The cultural value of arithmetic, however, was ably discussed by Mr. Rawlings, who took issue with Mr. Roark on its cultural value.

WEDNESDAY AFTERNOON.

The session was opened by a song, "America." Mrs. Alcott then took up the next period in discussing the other self or sub-conscious self; applying the subject to actual experiences. It was made very entertaining as well as instructive.

The Wednesday session was closed by a very practical talk from Dr. Roark on "Teachers' Reading."

THURSDAY MORNING.

The devotional exercises were conducted by Rev. Ross.

Mrs. Alcott put her class of little folks through dialogue reading, showing one means of gaining expression. Although the reading and geography exercises which she conducted, lasted for more than an hour, the little ones were perfectly fresh when the exercises were over.

After a short intermission a quartette was sung by Mrs. Ison, Miss Moore and Prof. Ireland and Falls.

Dr. Roark gave a history of the State Normals, outlining the courses and the general plan to be followed in the schools.

Dr. Roark announced his subject for the lecture to-night: "The Spirit of the 20th Century."

2. All Democrats who are residents of said district, and who are legal voters on Nov. 8, 1906, shall be permitted to vote in their respective precincts, and are invited and requested to do so.

3. Every candidate who desires to have his name printed on the ballots to be used in said primary must deposit with the Chairman of this Committee, on or before 12 o'clock—midnight—15 days before the date for holding said primary, the sum of \$50, to be used in defraying the expenses of holding said primary election, and at the same time of making and deposit each candidate must give written notice to said Chairman that he desires to be a candidate at said election, and notice to the Chairman shall be notice to the Committee.

5. Said election shall be held, in all respects, as is required by law for holding regular primary elections, and a uniform ballot shall be used in every precinct; and the Chairman of this Committee is hereby authorized and directed to cause to be printed, bound and distributed to the various election officers of the county committee, the necessary forms for each county. And on next day after said returns have been made, the County Committee shall meet and count the returns, and certify the same to the Chairman of the District Committee of the Eighth Congressional District, which District Committee shall, on Wednesday, the 6th day of September, 1906, at 10 o'clock A. M., in the city of Nicholasville, Jessamine county, Kentucky, meet and canvass the returns, declare the result and issue a certificate of nomination to the successful candidate.

9. The Secretary of this Committee is directed to give public notice of this election, as is required by law and without delay.

10. In the event there is a surplus remaining, after defraying the expenses of said primary, it shall be returned to those by whom it was paid in, in the same proportion in which it was paid by them; and if there should be a deficit, then the candidates shall be assessed to supply such deficit. Summer Comfort and Cleanliness

The pores of the skin are responsible for most complexion troubles. Summer dust, the stain of vacation travel, combined with the grease of perspiration, clog and stiffen the pores. Keep them clear and healthy, so that the natural oils may do their work of softening the skin.

POMPEIAN MASSAGE CREAM

withdraws every particle of impurity from the pores—all the way through—and by gently exercising the facial muscles rounds them out to perfect development; blackheads and wrinkles immediately disappear, leaving nothing but the natural glow of health.

JOHN F. EDMISTON, son of D. B. Edmiston, Chief Deputy Internal Revenue Collector, who is employed in the Treasury Department as director of the Government ice and cold storage plant at Manila, P. I., returned to Louisville yesterday after an absence of three years and eight months, says the Courier Journal. Mr. Edmiston received his appointment in November, 1902, and left for the Philippines shortly afterward. During his absence he has been in frequent communication with his parents and has written to them some interesting accounts of his travels in the East. Mr. Edmiston is now on leave of absence, having left Manila June 27. On his journey home he visited the principal cities of the Hawaiian Islands and Japan and China, making the sea trip from Hong Kong, China, to San Francisco on a Government transport. Mr. Edmiston has not yet decided as to the length of time he will remain in Louisville before his return to Manila.

BIT HIS NOSE OFF. - John Baugh bit David C. Allen's nose off in a fight at McKinney Tuesday afternoon. Mr. Allen was also bitten about the head and neck by his infuriated assailant. The wounded man left at once for Louisville, and placed himself under the treatment of Dr. Cheatham. The doctors here doubt that the nose can be successfully put back in place; however, we have not heard what Dr. Cheatham thinks of the chances. Even in the event it grows back Mr. Allen will be greatly disfigured. The trouble is said to have been caused by Baugh becoming dissatisfied with the amount Mr. Allen paid him for driving some stock he had bought near McKinney. Baugh claiming that he had to hire a man to help him. As Mr. Allen had contracted with him to do the work for a certain amount, he very naturally declined to pay him more. This angered Mr. Baugh, who knocked Mr. Allen down and bit him as above stated. Baugh was arrested and held over in \$250 bond to his trial at McKinney Saturday. As it is a penitentiary offense to bite off a person's nose, Mr. Baugh seems to have placed himself in about as bad a position as he did Mr. Allen.

I AM prepared to fill orders for popular and oak shingles. Write for prices. E. W. Creighton, Kingsville, Ky.

THE Central Kentucky Real Estate Exchange & Title Co. is preparing to issue a handsome booklet, giving a full description of Lincoln County and its resources. It will also contain the description of 100 or more farms and homes the company has to offer the public. It will be a catalogue of 30 or 40 pages and will be well filled with useful information. If you have property for sale see Messrs. James I. White or L. R. Hughes and let them take an option on it and advertise same in the booklet.

ACCOMPANIED TO BARBOURVILLE BY SOLDIERS. - Jesse Fitzgerald and Annie Henson, the Negroes who have been here for safe-keeping, were taken to Harrodsburg yesterday afternoon, accompanied by Deputy Sheriff George F. Tinsley and the Frankfort Military Co., Capt. C. W. Longmire in Command. An immense crowd was at the depot to catch a glimpse of the prisoners as well as to see the soldiers. It took two cars to carry the soldier boys, their gattling gun and paraphernalia and the coaches were attached to passenger train No. 23, which was an hour late. As will be remembered, Fitzgerald killed and robbed Mrs. Robert Broughton and after almost severing her head carried the body two miles on his shoulder and hid it in a crevice on a creek. He confessed to the horrible crime. The Henson woman is believed to have planned the murder and robbery. She was a servant in Mrs. Broughton's home and was the sweetheart of Fitzgerald. The Negro held up pretty well until just before he left, when he begged those about him at the jail to give him a razor that he might destroy himself. Deputy Sheriff Tinsley, of Knox county, told us that nothing short of a death sentence will satisfy the people of his county and if Fitzgerald is given that, he thinks there will be no effort at mob violence.

George Pulliam, the well-known Shelby City farmer, owns a gobbler of which he is profoundly proud. He had hatched out over a hundred small turkeys and the hen was stolen, leaving only the large gobbler behind. The gobbler was equal to the occasion, however, and has taken full charge of the flock of small ones. He hunts things for them to eat in the field and guards them with his protecting wings. He is so parental that he won't go to sleep at night if a single one gets lost.—Danville Herald.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system.

Rev. M. O. Stockland, pastor of the first M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by Stanford Drug Co.

Feudal warfare was brewing in Kentucky between the Hargis and anti-Hargis factions, but was stopped by the officers, says a dispatch.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. READ
MR. YOUNG'S
LETTER

E. W. ROSE MEDICINE CO., St. Louis, Mo. STONEFORT, ILL., April 3, 1905.
Dear Sirs:—It is a source of pleasure for me to permit you to use my picture before and after cured by "ZEMO," and to tell what "ZEMO" did for me. I doctored this case of (Acne) pimples for six years and spent several hundred dollars with physicians and specialists. The more salves and creams I used, the worse my face became. Mr. Ira Blackman recommended "ZEMO." Eight bottles entirely cured me, and I honestly believe "ZEMO" is the best remedy in the world for any skin disease.
Yours very truly,
Ewing Young

The State College of Kentucky, Lexington, Kentucky.

The Agricultural and Mechanical State College of Kentucky offers the following courses of study, viz: Agricultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly 50 professors and instructors.

Commodious apartment buildings, room rent in dormitories, fuel and light, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. Their number is largely in excess of the ability of the college to supply.

The matriculation for the last year was, including summer school, viz:

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science and arts.

The State College of Kentucky is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for guest board and lodging. It is well equipped with all modern conveniences, including both rooms and a room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

A new library building will, through the generosity of Mr. Andrew Carnegie, be erected during the next college year.

The Normal Department will be on a better footing than ever heretofore. Last year's largely increased attendance, with the unprecedented growth of the Summer Normal School, both indicate that an era of prosperity surpassing that of all previous years has opened for the Normal Department of the State College.
